Cosenza 16.11.2019

Today, 16th November, 2019 students and teachers from "Istituto Comprensivo Cosenza III" are involved in the event: "An afternoon with The Netherlands", with the aim of spreading the advantages of the exchange of good practises offered by an Erasmus+ project.

The students who travelled to Rotterdam (The Netherlands) are enthusiastic to tell other students the extraordinary opportunity they had by visiting this important European country as well as knowing other teens involved in the same project. They talk about the beautiful places they visited, the wonderful families who hosted them, the whole experience they had.

Herewith enclosed, some photos of the day:
